

About the College

Nestled in the New Forest, in the south of England, this college has been one of the leading providers of further education for over 100 years. Consistently showcasing academic, vocational and higher education exam results to a top standard. With their extensive range of subjects to choose from, you will not be disappointed.

A strong international outlook means that students from across the world make up around 5% of the student population within the college, many of whom propel themselves into English university placements following their successful studies here.

The advantage of being a member of this community means that you will have access to smaller class sizes, extensive teaching and learning facilities, with an ethos for striving to be your best. This is apparent given the Elite, Aspire and Sports academies that you may be able to become involved with in order to broaden your horizons and reach for the stars.

Location Information

The local village is only a 5-minute walk away and has a great transport network, giving you access to cities such as London, Southampton, Bournemouth and Oxford, plus many more.

Should you wish to stay more local, you will find plenty to involve yourself in within the area itself., from visiting local places of historical interest to shopping and eating out. The choice is yours. If you enjoy outdoor sports such as walking, cycling, canoeing or horse-riding, the New Forest national park is on your doorstep and the beautiful south coast is also nearby. This is the ideal college for someone who likes to be outdoors and in nature.
