

## YORKSHIRE, ENGLAND

### About the College

This prestigious college was founded in 1827 and combines over 200 years of history with extensive modern technology. Situated at the edge of a cathedral city steeped with history, areas of natural beauty and a cosmopolitan edge, this college provides outstanding education for international students in a newly refurbished, vibrant setting.

With many courses on offer here, there is something for everyone. The college has a fundamental focus for helping each student to achieve their full potential and this really shows with 99.8% of students passing their exams in 2020 and moving on to university education, some of whom will be studying at Oxford and Cambridge.

With a great international team, led by teaching and support staff of the highest accolade, this college will help you with many aspects of your transition as an international student.

### Location Information

The college lies on the edge of the city centre, which is accessible by bus taking only 10 mins. Other surrounding areas of interest such as Leeds, Newcastle, Sheffield, Lincolnshire, Scotland and many more, are easily accessed by rail from this northern location.

The city centre boast some of the best shops and cafés on the high street. Surrounded by history and culture, the picturesque streets give you a sense of 'Old England' due to the architecture on show. The oldest shopping street in Europe is also situated here and is well worth a look as you'd be mistaken into thinking you were in a scene from one of the Harry Potter movies!
